

LAKEFRONT PEDESTRIAN CONNECTOR PUBLIC MEETING

Share your thoughts about the new pedestrian bridge to
the lakefront

NOVEMBER 13, 2014

6:00 PM – 7:30 PM

Cuyahoga County Administrative Headquarters
Council Chambers, 4th Floor

2079 East Ninth Street (Corner of East Ninth Street and Prospect Ave.)

Cuyahoga County, in partnership with the City of Cleveland and the Group Plan Commission, is leading a process to design and build a new pedestrian bridge from our downtown Malls to our lakefront. The initial concept for the bridge will be shared with the public at this meeting. The timeline for construction is ambitious. It's important that Greater Clevelanders have an opportunity to share their vision for the project.
